

Interesting talks and posters of our cooperative projects

at ASGCT 21st Annual Meeting, Chicago

Talks

643

May 18
2:45 pm

Engraftment and Phenotypic Correction of Hematopoietic Stem Cells in Non-Conditioned Fanconi Anemia Patients Treated with Ex Vivo Gene Therapy

Paula Rio, Susana Navarro, Rebeca Sánchez, et al.

958

May 19
10:45 am

Wild-Type and Recombinant AAV Mitochondrial Integration and Trafficking

Jessika Ceiler, Saira Afzal, Barbara Leuchs, et al.

Posters

386

May 17
5:15 pm

Comparison of Early and Late Gestation In Utero Gene Therapy, in a Non-Human Primate Model

Nuryanti Johana, Yi Wan Tan, Irene Gil-Farina, et al.

389

May 17
5:15 pm

Intrauterine Gene Transfer at Early Gestation with Safe Postnatal Vector Re-Administration: A Therapeutic Strategy for Early-Onset Congenital Disease

Jerry Chan, Nuryanti Johana, Irene Gil-Farina, et al.

391

May 17
5:15 pm

Persistence of rAAV in Peripheral Blood Cells and Hematopoietic Progenitors Upon Systemic Delivery

Irene Gil-Farina, Katrin Dietrich, Jessika Ceiler, et al.

431

May 17
5:15 pm

Lentivirus Integration Site Analysis Characterization of Ctl019

Marco Zahn, Alberto Del Rio-Espinola, Wei Wang, et al.

909

May 18
5:45 pm

ViralSeq-Toolkit: A Computational Toolkit for Characterization and Analysis of Viral Vectors

Saira Afzal, Raffaele Fronza, Wei Wang, et al.
